Presents

AMY BRETALL

Amy Bretall provides unique gifts of faith and inspiration. Her authentic photography explores faith and the natural world, while honoring rural environments with the symbolism of the cross. Amy's mission has grown ever since she met a little girl in Cuba. Capturing that girl in photos was an important milestone and inspiration on her faith journey. Amy is driven to snap more images of crosses in the world to help people discover, deepen, encourage, and inspire faith. Her blog and photography are designed to encourage others to seek and see the cross in everyday life.

Join us this Sunday for the opening of her show. Amy will be available at our 9:30 education hour!
